love letters

Shopping List:
Indigo Mill's Loopy Love Kit
Doodlebug Loopy Love Alphabet Stickers
2 Pink Eyelets
Eyelet Setter
Pink Striped Ribbon
Scissors
Paper Trimmer

Loopy Love kit available exclusively from www.indigomill.co.uk

1. Cut the black cardstock to 6” x 8”. Cut the Doodles paper to 5 1/2” x 8 ½”. Cut 2 pieces from the Loopy Words paper – 4 1/2” x 5 1/2”.

2. Fold 1” of the Doodles paper underneath. Cut the top of the paper to a triangle. Round the top corner.

3. Fold 3/4”under the sides of the Loopy Words paper. Cut a triangle from the top of the pieces – this will create the sides of the envelope.

4. Stick the three patterned paper pieces n place – first sticking the folded pieces behind the black cardstock, then sticking the front flap to the back pieces creating the pocket.

5. Stick the 'love' tag to the front of the envelope. Thread some ribbon through the pale pink button and then stick in place (you may need to put some extra adhesive on the back).

6. Stick the two corners to the bottom of the envelope and add 'letters' using the black alphabet stickers.

7. Punch two holes and set the pink eyelets at the top of the black cardstock. Tie some ribbon through the holes to make a hanger.

This hanger is a great place to keep all your romantic notes. You can also use it to keep valentines cards – or even adapt it to create a valentines card.
