Traditional Cards -

Either mount a sticker or stamp onto Christmas papers. Using a coordinating colour of angel fibres, create a background onto which to mount your Christmas picture. Add another paper or cardstock to your card and stick everything in place as shown above.

Snowflake Script -

Using black ink, stamp a large snowflake design onto the background of a blank card. Fuse blue angel fibres together and stick in place - overlapping the snowflake design. Add a large teal 'Merry Christmas' down the left side.
