Brown Acrylic Paint  
Adhesives  
Distressing File or Sandpaper  
Photograph

Sew Fine kit is available exclusively from  
[www.indigomill.co.uk](http://www.indigomill.co.uk)

### Instructions

Cut your Sassafras Anastasia paper down the centre to give you a 6" x 12" backing paper.

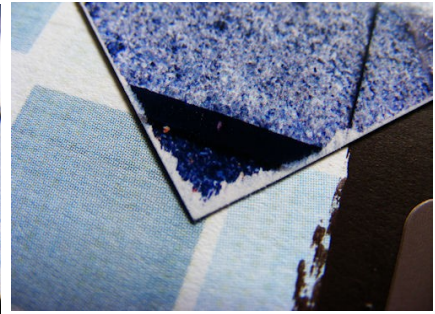

Taking your distressing file or sandpaper, lightly distress the edges of your photograph.

Roughly paint a section on the right of your patterned paper with brown acrylic paint.

Tear a strip of the tangerine cardstock and once the paint has dried stick it down the right of you LO.

Stick your photograph in place and add your title using the Sassafras letter cardstock stickers.

Stick the black card in a swirl pattern around the bottom and right of your photograph and title.
