1. Add the beads to the headpins in the following order and make a loop:

- yellow bicone
- 4 seed beads
- flower bead
- green bicone

2. Open a jump ring and add one of the beaded headpins and the split ring.

3. Attach this to the end link of the chain and close the jump ring.

4. With the other jump ring attach the trigger clasp to the other end on the chain.

5. Open the loops of the earwires and add the beaded headpins to make the earrings.

I bought the beads I've used in this project from eBay.
The findings will also be available from eBay, your local bead shop or craft shop.
