

## Happy Halloween Bunting

### Ingredients:

Pumpkin & Aubergine Halloween Clear Stamps  
Pumpkin & Aubergine Trick or Treat A4 Paper Pack  
Black Ink Pad  
Acrylic Block  
Purple, Red, Orange & White Card  
Brush Markers  
Ribbon  
Basic Craft Tools & Adhesives

### Instructions:

1. Stamp the Halloween characters onto the various colours of card. Colour them in with your favourite brush markers.
2. Cut out the characters & their costumes. Layer them up with sticky foam pads.
3. Choose various patterned papers from the paper pack. To create your banners for the bunting take an A4 sheet. Place it face down and draw a 2cm line (top and bottom) along the longer sides. From left to right, mark the top line at 14cm and 28cm. Along the bottom line (starting at the same side of the paper) mark 7cm and 21cm. Join these marks to draw out three banners. Cut along the diagonal lines and score the straight lines - this will allow you to attach them to the ribbon.

4. Draw out letters onto the card and cut them out.
5. Use the characters, letters and other stamped images to create your 'Happy Halloween' bunting.
6. Stick the banners along the ribbon to finish your bunting - add strip of DST to each banner and stick over the ribbon to attach them.
