

Rainbow Cluster Ring

you will need

ring blank with 8 loops
24 x head pins
24 x 6mm beads
24 x 2mm silver beads

tools

round nosed pliers
wire cutters

Instructions

Take a head pin and add a small silver bead and a 6mm rainbow bead.

You will need 1cm of the head pin to turn a loop. Cut off the excess wire.

Turn a loop but do NOT close it.

Attach the head pin to a loop on the ring blank.

Close the loop of the head pin completely.

Continue this process adding 3 beaded head pins to each loop of the ring.

This is fiddly work but worth the effort when you've completed your cluster ring.

Play with different colour beads to create rings to suit every mood and outfit.
