2. Round all the corners.
3. Decorate the pieces of mounting board with your photograph.
4. Punch the top left corner of each piece using the largest hole on the leather punch.
5. Join the pieces of mounting board together using the book ring.

### Curious Cat Front Cover:

Attach 3 small round brads about 5cm down from the top right of the cat striped paper. Cover the whole board with it, starting in the top right corner. Cover the bottom of the board with a curved piece of the pretty kitty words paper. Cover the top with the Meow! Spots paper. Cut out two of the cat pictures from one of the papers and stick to the bottom half of the board. Cut a small rectangle of cream card, write curious cats on it and stick as shown. Add stitch marks in the corners and add stitching around all edges of the papers. Add one of the glittery stickers down the left side.

### Millie Page:

Cover the board with the Meow! Spots paper. Cut a small rectangle and write 'Millie' across it. Stick it in the top right corner. Stick the photograph in place and then cover the left side with a piece of the 'pretty kitty' paper, attaching a brad to the bottom of it first. Add stitching around all the edges and corners as on the front cover.

### Sugar Page:

Cover the whole board with the 'pretty kitty' paper. Tear a piece of brown paper and cover the top half of the board. Tear a piece of the striped cat paper, add a brad to the right side and attach to the top of board as shown. Attach a photograph, a cream paper rectangle and a meow speech bubble from one of the papers. Write Sugar on the rectangle and add stitching as on the other boards.
